TORO TITAN TINES

- **Long Lasting** - Titans last 3-4 times longer than standard tines.
- **Extensive Selection** - Wide variety of types meet your exact aeration needs.
- **Crisp Punched Hole** - Improves recovery time and maintains playability.
- **Durable** - 4130/4140 strong alloy combined with a unique heat treating process maximizes strength and resistance to wear.
- **Superior Quality** - The Titan Max model is designed with a tungsten carbide blend tip.
