

Wisconsin Native Wildflower Mix

1lb. pkg (covers 3,500 sq. ft)

A spectacular blend of all Wisconsin native wildflowers designed to provide season long blooms from May thru October. This diverse mix prefers full to partial sun but will adapt to most moisture and soil conditions. This mix can be blended with the native grass mix to achieve a native prairie look. (Use an 80/20 ratio - 80% grass to 20% flower)
