

BULK ICE CONTROL SALT

100% Rock Salt

General Description

BULK salt is put through a screening process to remove large chunks and reduce the amount of fine salt.

MELTS TO 5°F.

Applications

BULK salt is the economical choice for large scale melting applications on parking areas, driveways and sidewalks. Can be misted with other ice melters to improve melting capability.

Reinders recommends the use of GeoMelt 55 as a stockpile treatment (6-8 gal/ton; mix well). Increases salt effectiveness. Also reduces salt usage by up to 30% as it lowers the melting temperature, starts brine process immediately, reduces corrosion, reduces bounce and scatter of salt.

Physical Properties

Appearance	Crystalline Rock Salt
Odor	None

Availability

Item #	Weight	Description	Qty/Plt	UPC
0-0612	TON	BULK	N/A	N/A

Safety and Handling

For brief contact, no precautions other than clean body-covering clothing should be needed. Prolonged or excessive exposure can cause excessive drying with symptoms including redness, drying and cracking of skin. Wash hands following exposure.

Consult local authorities for proper disposal information.
