

ICE GUARD[®]

General Description

ICE GUARD[®] is an environmentally safe liquid de-icing non-chloride product fortified with degraded sugar beet extract. This potent formulation is environmentally safe with superior melting capabilities.

Applications

Apply ICE GUARD[®] liquid to sidewalks and traffic areas prior to a Winter storm to prevent the bonding of snow and ice. Light snows will melt on contact and heavy snows will be much easier to remove.

Municipalities have reported that every pound of a liquid deicer prior to a storm can save four pounds of product after the storm.

Availability

5 Gallon Dense Pak
250 Gallon Tote

Safety and Handling

This substance is not expected to cause prolonged or significant skin or eye irritation. It is considered practically non-toxic to internal organs.

Consult local authorities for proper disposal information.
