

MEGAMELT[®]

100% Rock Salt

General Description

MEGAMELT is a rock salt that is screened and dried to provide optimal performance. Small crystals melt on contact, larger crystals bore through snow and ice to break bond with the pavement.

MELTS TO 5°F.

Applications

MEGAMELT is the economical choice for large scale melting applications on steps, sidewalks, driveways and parking areas.

Can be mixed with other ice melters to improve melting capability.

Availability

Item #	Weight	Description	Qty/Plt	UPC
601-0614	50#	POLY BAG	49	8 96801 10020 1

Physical Properties

Appearance	White Medium Crystals
Odor	None

Safety and Handling

For brief contact, no precautions other than clean body-covering clothing should be needed. Prolonged or excessive exposure can cause excessive drying with symptoms including redness, drying and cracking of skin. Wash hands following exposure.

Consult local authorities for proper disposal information.
