

Spray Tank Additives

FERROMEAC-AC *PBI Gordon*
 Ferromec-AC (amine compatible) liquid iron is especially designed for tank mixing with other sprayable turf products. Ferromec-AC can be applied repeatedly to enhance the dark green color in turf without encouraging the excessive growth associated with heavy use of nitrogen. Ferromec-AC is also used to help correct chlorosis resulting from iron deficiency.
0620-025 2.5 Gallon
0620-30 30 Gallon

IMPACT *Becker Underwood*
 Becker Underwood's new Impact™ is a 90% active nonionic spreader sticker formulated to serve the professional needs of agriculture, industrial vegetation management, and specialty turf and ornamental spray applications.
1310IP01 1 Gallon

GREEN LAWNGER *Becker Underwood*
 Green Lawnger® Turf Paint is the fast, economical way to instantly restore the natural green color to dormant or discolored turf. Easily applied with many types of sprayers, Green Lawnger® adds a healthy, natural look to off-colored warm and cool season turf grasses. It won't wash off or wear off turf after it has been applied, either. Apply it in the fall and dormant turf will stay green all winter. Color will last 10-14 weeks or until mowing removes the colored grass.
1310GL025 2.5 Gallon

INCIDE OUT *Precision Labs*
 A powerful, liquid spray tank cleaner formulated to emulsify and bond pesticide residues to the rinse water for complete purging.
434-QT 1 Quart

YOU'LL LOOK LIKE A GENIUS
WITH OUR TURF AND AQUATIC MANAGEMENT SOLUTIONS

Green Lawnger® Turf Paint and Divot Mix Colorant

Restores natural green color to turf during dormant periods with environmentally friendly, green pigment. Also add to divot mix sand.

Turf Mark® Blue Spray Pattern Marker

Make applications of liquid pesticides and fertilizers virtually foolproof. Improve accuracy. Reduce waste.

Sprint® 330 High Performance Chelated (DTPA) Iron

Maintain and protect iron availability in a wide variety of problem soils with this strong 10% iron chelate. Use in foliar or soil applications.

Black Onyx™ Liquid & WSP® Lake Colorant

Impart rich, natural, mirror-like appearance to lakes, ponds and other ornamental water features with no harm to fish or other wildlife.

Impact™ Nonionic Spreader Sticker

Reduce water tension of spray solutions for improved effectiveness of herbicides, insecticides and fungicides.

Spray Tank Additives

TANK CLEANER *Cleary*

A.I. Alkaline ethoxylate of a non ionic-surfactant

Cleary's Tank Cleaner is an effective and economical liquid which cleans the spray equipment while inhibiting rust and solubilizing the residual pesticide in the tank, leaving a rinse which is harmless to turf.

456-003 1 Quart

NEW BALANCE *Precision Labs*

A safe-to-use, citric-based, pH acidifier and nonionic surfactant specifically designed to modify spray solution pH when breakdown from alkaline hydrolysis can reduce insecticide and fungicide performance.

1917-01 1 Gallon

MICROYL *Precision Labs*

Microyl is a unique activator adjuvant that provides superior performance and improved turfgrass safety, at lower use rates, when compared to ordinary crop oil concentrates.

402-01T 1 Gallon
402-25T 2.5 Gallon

PEN-A-TRATE II *Precision Labs*

A premium quality nonionic surfactant formulated as an activator adjuvant to ensure maximum herbicide performance and turfgrass safety.

746-01 1 Gallon

MULCH MAGIC *Becker Underwood*

Becker Underwood's Mulch Magic is an easy-to-apply, long lasting spray colorant which restores the bright, original-looking color to faded fibrous mulch products like cedar, cypress, redwood bark, pine straw and more. With one quick application, it helps keep landscaping looking freshly groomed for three months or longer without the hassles and expense of re-mulching.

1310MM005 4 x 1/2 Gallon

SHAKE DOWN *Becker Underwood*

Shake Down antifoam eliminates unwanted foaming in spray applications involving recirculation sprayers and other high agitation equipment.

1310SD12 12 x 1/2 lb. Case
1310SL12QT 1 Quart

NEUTRALIZE DRY *Becker Underwood*

A powerful and safe way to remove pesticide residues from your spray equipment. Pesticide residues can be dangerous to sensitive crops. To eliminate these dangerous residues, use Neutralize Tank Cleaner. It effectively cleans and removes pesticide residues left by 2, 4-Ds and sulfonyleureas—residues that are hard to remove and extremely active at low rates.

1310ND12 12 x 2 lb

SPRINT 330 *Becker Underwood*

For dark green, healthy plants, Sprint® 330 iron chelates is unquestionably the best iron product available. Unlike non-chelated or weakly chelated irons, the strong Sprint® chelates maintain and protect plant available iron in turf, containerized and field grown plants, trees and shrubs. Sprint 330, a 10% fully chelated DTPA iron performs best in slightly acid to slightly alkaline soils with a pH of up to 7.5.

1310SP20 4 x 5 lbs.
1310SP50 50 lbs.

Spray Tank Additives

SYNC *Precision Labs*

A.I. Hydrocarbyl polyalkylene oxides

SYNC is a unique, proprietary adjuvant technology proven to enhance the performance of both contact and systemic fungicides, and to lengthen disease control at reduced water volume on a wide variety of turf diseases.

670-PT 1 Pint

TRANSFILM *PBI Gordon*

Protection from dessication due to cold, heat, drought and transplant shock.

0836-01 1 Gallon
8341126 2.5 Gallon
8341046 30 Gallon Drum

TORO PRO FOAM *The Toro Company*

Toro Pro Foam method of field marking reduces spray overlaps, skips, misses or gaps in the field-spray application by producing a highly visible white foam which marks the outside edge of the spray swath.

41157-01 1 Gallon

TURF MARK *Becker Underwood*

Turf Mark takes the guesswork out of spraying! It's the proven and professional way to apply liquid pesticides and fertilizers. Universally used by golf course superintendents, grounds maintenance personnel, lawn care companies and sports turf managers, Turf Mark dissipates quickly in either wet or dry weather, making it the ideal temporary spray colorant. The distinctive blue color shows you exactly where you've sprayed, preventing skips and overlaps and helping to pinpoint drift.
