

## Seeders / Turf Cultivation Equipment

*Reinders*

### Mataway Seeder

*Ryan*

The Ryan Mataway Overseeder/De-thatcher gives the turf professional the option to overseed or de-thatch, or both at one time. The Mataway will handle fescue to bentgrass seed with its precise metering system.

### Gang Roller

*Gandy Company*

The Gandy Gang Rollers with independent suspension allow rollers to follow contour of the ground for use in construction, sod farms and all types of sports turf. Gang rollers come in an overall width of approximately 12-feet with water-filled weight of 1766 lbs. When drained, the gang roller can be folded for easy transport or storage.
