

Midsize Walk-Behind Mowers

Toro GrandStand™ Stand-on Mower

The new Toro® GrandStand™ stand-on mower delivers superior productivity, visibility, and operator comfort in a sleek compact machine. It features a unique suspension system for a smooth ride over the roughest terrains, plus a retractable platform that allows for operation from both stand-on and walk-behind positions. The GrandStand mower incorporates the Toro TURBO FORCE® deck and twin-lever controls, making it easy to use while providing the landscape contractor a better quality of cut.

Harrier 56 Striping Mower

Hayter

The Harrier 56 is a powerful self-propelled mower that makes easy work of professional turf.

The full width rear roller gives a beautiful striped finish. With the crankshaft support, this machine qualifies for the lifetime guarantee against engine crankshaft bending.

SE-HARR56

Description

22" Hayter Roller Mower

Walk Hover Mowers

Eastman / Allen

For flat dry turf a conventional mower will do, but when the mowing conditions are EXTREME, nothing performs like a hover mower. A hover mower floats effortlessly on a cushion of air; without any wheels it mows in any direction following the contour of the land. For a fast professional cut on steep slopes, wet grounds, lake banks, sand traps, retaining walls and awkward hard to reach angles hover mower is the answer!
