

Count on Andersons for the most durable and accurate spreaders on the market today. All three Andersons spreaders have large 13" Turf Saver wheels for easier push, a patented Helical Cone for a uniform, consistent spread pattern, lift handles in the front and back for easier loading and unloading and an extended handle with tuff-foam grips for added comfort.

Product #	Description

AGC8008-1	Andersons SS-2 Drop Spreader
APT8091-3	Andersons SR 2000 Rotary Spreader
AGC82500	Andersons AccuPro 2500 Vehicle Spreader

GANDY

Spreaders

The 36-inch width model is easy to maneuver around ornamentals and small lawn areas with push handles. The 36" model holds approximately 120 pounds. Model 36 features corrosion resistant stainless steel bottoms which snap off for quick cleaning. They completely disassemble without tools, with all parts replaceable.

Product #	Description
28114	Level Package for Rate Adjust of 24" & 36" variable rate
28368752-32S	Fixed Rate Bottom 1/2" Slot 36" Spreader

64	Spyker Economy Push Spreader, S.S. Hopper/8" Tires
288	Spyker Push Spreader, Mulch-N-More Poly S.S. Frame

PBI GORDON

Spred-Rite G

The SPRED-RITE G is a quick, easy, and more precise way to spread granular herbicides, insecticides, and fertilizers. The SPRED-RITE G can be used anywhere and is advantageous where you're reaching under or around things - trees, shrubs, poles, railings; and for precision edging around buildings, grave markers, beds, and along walls, fences, walks, and curbs.

Product #	Description
313	Spred-Rite, Acme Gravity Spreader

VICON

Spreaders

The Vicon pendulum spreader is the first choice wherever the demand is for maximum spreading quality and ease of operation.

The spreading rate is easily set. Simply look at application chart and dial in rate. Spreading pattern provides more even coverage than a disc spreader. Vicon creates new standards in reliability, too. With integral slip clutch, fully greasable bearings, and widespread use of stainless steel, polyester and nylon, a Vicon spreader will keep working for years without corrosion or breakdown.

Model #	Description
PS203	Vicon Spreader, w/ 400 lb. Capacity
PS403	Vicon Spreader w/ 950 lb. Capacity
PS604	Vicon Spreader w/ 1,400 lb. Capacity

LELY

Spreaders

Unmatched in versatility and dependability, a Lely broadcaster is the world's most popular spreader. Three-point hitch mounted (Cat. I, II), P.T.O.-operated, these precision spreaders are famous for accurate broadcasting of fertilizer, seed and granular chemicals.

Model #	Description
HR	Lely 3 Point Spreader, 11.5 CF, 805 lb Hopper Capacity
WFR	Lely Tow Spreader, 11.5 CF, 805 lb Hopper Capacity
1250	Lely 3 Point Spreader, 18.9 CF, 1,323 lb Hopper Capacity
