

SOLO

### Sprayers

Solo is known worldwide as a leading manufacturer of portable lawn sprayers. Founded in 1948, Solo has spent 50 years refining the use of plastics in lawn and garden products. These refinements have resulted in Solo worldwide leadership in the manufacture of sprayers. German engineering has produced ergonomically designed sprayers that are easy to pump, carry, and fill.

Commercial grade wands, nozzles, hoses and valves assure long life and durability while high-density polyethylene tanks and Viton seals protect against damage from everyday chemicals and ultra-violet rays.

The Solo model 421S portable spreader is designed for spreading a variety of materials over irregular terrain more evenly and conveniently than a wheeled spreader. Constructed of non-rusting, rugged polyethylene for increased durability and easier cleaning, the 421S has convenient fingertip controls for volume and direction. With a large 6 inch filler opening and screw-on top to prevent spillage and protect the operator from chemicals and dust, the 421S is your best choice for spreading!

| Model # | Description  |
|---------|--|
| 454     | Solo Hand-held Sprayer, 1 Gallon                   |
| 456     | Solo Hand-held Sprayer, 2.25 Gallon                |

| 475     | Solo Back Pack Sprayer w/ Diaphragm Pump, 4 Gallon |
| 425     | Solo Back Pack Sprayer w/ Piston Pump, 4 Gallon    |
| 421S    | Solo Hand Crank Spreader, 20 lbs. Capacity         |

WHEELSPRAY

### Sprayers

#### WS-250

The WS-250 Lawn Wheelie features a shut-off valve and one nozzle with a ground-driven pumping system. It delivers a 36" fan of solution at the rate of approximately 1000 sq. ft. per gallon. The 2.5 gallon tank will cover approximately 2500 sq. ft. with one tank fill.

#### WS-480

WS-480 Grounds Wheelie. Like most Wheel Spray units, this 6 gallon sprayer is ground-driven, delivering a 6 ft. spray pattern at the rate of 1000 sq. ft. per gal. The faster it is pushed the faster it pumps.

#### WS-485

WS-485 Grounds Wheelie II. This 6 gallon push sprayer was designed for professional grounds maintenance. Equipped with shut-off controls on the handle grips and extra large tires to make pushing easier on uneven terrain.

#### WS-490

WS-490 Greens Wheelie. This 10 gallon push type professional unit features the famous Wheel Spray ground-driven pumping system. Chemical applications are relatively unchanged by the speed at which these units are pushed.

| Model # | Description                                    |
|---------|--|
| WS-250  | Wheel Spray Push Sprayer, 2.5 Gallon           |
| WS-480  | Wheel Spray Push Sprayer, 6 Gallon             |
| WS-485  | Wheel Spray Push Sprayer w/ shut off, 6 Gallon |
| WS-490  | Wheel Spray Push Sprayer, 10 Gallon            |
| WS-810  | Wheel Spray Push Sprayer, 20 Gallon            |
