

YARD CAMEL

### Portable Irrigation

Yard Camel is a portable, multiple zone, timed watering system. Complete with controller, four valves, & eight zinc impact heads on zinc stakes. Compact & portable. Flexible & expandable to many applications. Programmable, automated system runs for days or weeks unattended. Requires no power source. Adapts to any water supply. High tech control, low tech installation.

Battery operated controller needs no outside power source. Standard hose connections from valves to impact heads (hose not included).
