TURFACE MVP®

Profile Products

TURFACE MVP® improves the native soil root zone by adding permanent pore space to prevent compaction. TURFACE holds moisture, nutrients and increases drainage as a result of balanced air and water pore space.

10-1386 50 lbs
11-1386 2,000 lbs

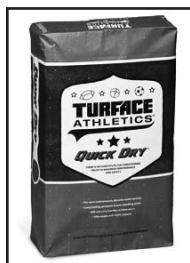

TURFACE PRO LEAGUE®

Profile Products

TURFACE Pro League® is a patented soil conditioner providing the same benefits to the soil as TURFACE MVP®, but manufactured with smaller, more uniform particles that flow easily into aeration holes. Used as a topdressing, Pro League saves games and turf by preventing slick and muddy conditions that destroy turf and make fields unsafe and unplayable.

17-1386 50 lbs
19-1386 Red 50 lbs

TURFACE QUICK DRY®

Profile Products

Turf Quick Dry® eliminates puddles and standing water. After a rain, TURFACE Quick Dry® makes muddy, slippery conditions a thing of the past. Quick Dry will not cake, become slippery, or turn your field rock-hard, and works over and over.

TURFACE MOUND CLAY

Profile Products

Turf Professional Mound Clay should be used in the table and landing areas of ballfield mounds to give a safer and more durable pitching surface. The depth of your mound clay depends on the level of play. 14 years old or younger require a 4 inch depth and 6 inches are required for older players.
