

Water Gardening is the fastest growing area of the landscape industry. Reinders is an Authorized AquascapePro™ Distributor for Aquascape,™ the country's largest manufacturer of professional water garden equipment. We carry a full product offering including their new Pro-Fit™ pond kit systems that have everything needed for the installation of a beautiful, natural-looking water garden. In addition, Reinders offers Build-A-Pond Days and water gardening seminars throughout the year for both novice and advanced pond builders.

PRO-Fit™ System

Traditional kits are a thing of the past!

What you want are complete systems that fit your needs!

FOLLOW OUR 3-STEP PROCESS TO DETERMINE THE RIGHT CHOICE FOR YOU!

STEP 1

Choose Your *Style*

Pond or Pondless® Waterfall

Pond

For your customers who enjoy the full lifestyle of water gardening, including the enjoyment of feeding fish and water gardening with aquatic plants.

Pondless® Waterfall

This water feature consists only of a waterfall that falls gracefully into a rock-filled basin and is then circulated back to the top of the feature. This water feature is great for smaller spaces and customers who want an even lower-maintenance alternative or have safety or liability concerns.

STEP 2

Choose Your *Size*

Small (4' x 6') up to Large (21' x 26')

Small

4' x 6'
(Pond or Pondless® Waterfall)

6' x 8'

8' x 11'

STEP 3

Choose Your *Product*

and the right PRO-Fit™ System for you!

We want to give you the flexibility of using the different product lines that we offer within the same project, without losing the ease of purchasing a kit.

With our easy-to-use “PRO-Fit™ Systems,” we are doing just that. Simply use the color-matching system and you can be assured that you have everything you need to create a beautiful, natural-looking water garden that suits your needs.

See next page to choose your PRO-Fit™ System
