**Notes:**

- Additional engine options: Honda and Kawasaki
- Product specs are subject to change without notice

**Claims:**

- Only true variable speed hydrostatic drive system.
- Only 30" walk behind seeder on the market.
- Largest capacity seed hopper on both 20" & 30" models in the industry.
- Most productive walk behind seeder on the market.
- The lowest center of gravity for better hillside stability of any self propelled power seeder.
- Only 11 gauge, high carbon, fully annealed and press tempered cutting blade in the industry.
- Less than 50% fewer parts than competitive self propelled units.
- Cutting depth down to 1" deep for leveling out rough ground.
- Industry best 2 year warranty (less expendable items: belts, blades, bearing, etc ... )
