

Aloft® LC

TWO BETTER.

**Two Modes of Action.
One Powerful Weapon.**

With preventive and curative control, one application of Aloft® Insecticide effectively combats turf pests.

Prevent troublesome surface- and soil-feeding turf pests – including chinch bugs and cutworms – with a lasting preventive treatment or quick knockdown of existing turf pests.

Plus, Aloft LC SC attacks Red Imported Fire Ants. EPA approved for fire ant control, Aloft LC SC takes them down within seven days and lasting residual control keeps them down season long.

EPA REG. NO. **LC G** 59639-215
LC SC 59639-213

ACTIVE INGR. clothianidin, bifenthrin

FORMULATION **LC G** granular
LC SC suspension concentrate
