

Smart Control Timer

Control your lights from anywhere.

Compact and easy to install, the Smart Control Timer works with the Kichler Connects™ app – allowing homeowners to utilize and control one of our preset lighting schedules or create custom schedules.

Plus, the Smart Control Timer's unique external antenna allows for long-range connectivity and control by extending the signal range from the transformer enclosure, supporting strong performance in more applications.

INSTALLATION AS EASY AS...

PLUG IT IN

Plug the Smart Control Timer into the transformer and download the Kichler Connects app. Make sure Wi-Fi and Bluetooth® are turned on and you are in range of the router.

OPEN THE APP

Open the Kichler Connects app and select "Auto Scan" to add a device or hit the (+) button and add it manually. Enter your Wi-Fi password by selecting the 2.4GHz channel.

TURN ON LIGHTS

Your device is now ready to use. Tap the Power On/Off to control your landscape lighting or select from preset schedules. You can also ask Amazon® Alexa® or Google Home® to do it for you.

Smart Control Timer features

External antenna increases range of signal outside of the enclosure.

Easy installation plugs directly into the transformer. Ideal for use indoors or in outdoor enclosures.

Kichler Connects app digitally controls the Smart Control Timer and is available for iOS® and Android™.

Bluetooth and Wi-Fi allows for local or cloud-based control.

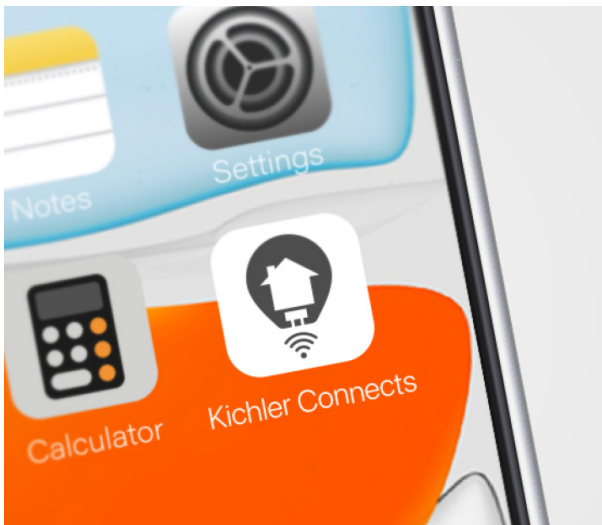

Kichler Connects App features

Create custom schedules to fit your needs or select from preset schedules to align with the daylight savings hours and the changing seasons.

Voice control via Amazon® Alexa® or Google Home® lets you tell your landscape lighting to turn on or off.

On-board memory to control your lights even if the Wi-Fi connection is interrupted.

Usage share lets multiple family members share control of the lighting.
