GRO – CAL MGB

Dual Calcium Turf Supplement

7 % N
11.25 % Ca
2.5 % Mg
0.07 % B
0.4 % CL

2 x 2.5 Gallon

2.5 Gallon

Net weight 12.14 lbs. gallon

Contains UTE - Uptake Enhancement
Technology

GRO - CAL MGB

Precaution: GRO – CAL MGB is a concentrated material. If applying GRO - CAL in combination with other materials, a compatibility test is recommended to avoid potential incompatibilities. GRO-CAL is a specially formulated dual liquid form of calcium chelate with added Mg to correct and enhance calcium uptake and utilization in turfgrass. Calcium is the basic building block for cell elongation and division for growth, nitrogen utilization, plant enzyme production and starch/carbohydrate production and assimilation. Calcium is not readily available in most soils and additional applications are essential for good plant health and wear tolerance.

Application	Rate	Comments
COOL SEASON TURF Tees, greens & approaches, lawn, landscape turf and sports turf.	3 oz. to 6 oz. . per 1,000 sq/ft.	During periods of active growth, apply every 14 days to 21days in a minimum of 3 gallons of water/ 1,000 sq. ft.
Horticulture Use: General nursery and greenhouse plant application	Water ratio application: 1 qt. to 100 gallons of solution	Spray apply with good coverage to point of runoff every 7 to 14 days for best results.

Derived from: Urea, Calcium Nitrate, Magnesium Sulfate, Boric Acid, Calcium Chloride, Sodium Gluconate

Guaranteed Analysis

Total Nitrogen (N).....	7.00%
1.50% Urea Nitrogen	
5.50% Nitrate Nitrogen	
Calcium (Ca).....	11.25%
11.25 Chelated (Ca)	
Magnesium (Mg).....	2.50%
Boron (B).....	0.07%
Chlorine (CL) Maximum amount	0.40%
