

**POWER MAX®**

TWO-STAGE SNOWBLOWERS

# SHOW DEEP SNOW WHO'S BOSS

## MORE PRODUCTIVITY

### POWERFUL ENGINES

Smooth Toro 252 cc 4-cycle OHV engines have been tuned specifically for these models to deliver powerful, responsive performance.

### ANTI-CLOGGING SYSTEM

The only system to allow the impeller to automatically reroute excess snow away from the chute and back into the auger to reduce clogging.

## MORE DURABILITY

### STEEL CHUTE

The 100% steel chute construction means this snow blower is built to last.

# IMPRESSIVE IN ANY KIND OF SNOW

Blizzard in the forecast? No worries. Toro Power Max two-stage snowblowers are made for tough conditions. With durable components and a patented Anti-Clogging System (ACS), they make quick work of hard, compressed snow. They're also compact and easy to handle. It's the perfect mix of Toro dependability and snow-clearing muscle for longer driveways and heavier snowfalls.

## POWER MAX

### IDEAL FOR:

- Concrete, Asphalt and Gravel Surfaces
- 4-10 Car Driveways
- Snow 6" to 20" / 15 cm to 51 cm Deep

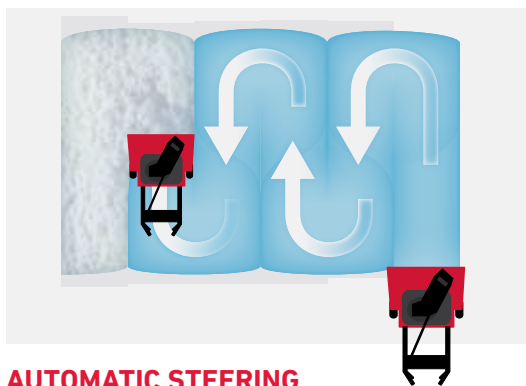

See your dealer for full details on warranties.

## MORE EASE-OF-USE

### HIGH-STRENGTH AUGER GEAR BOX

Special, hardened gears are designed to withstand the highest of stresses and provide worry-free performance — no shear pins needed.

### AUTOMATIC STEERING

New design allows smooth, tight turning without pulling or straining — no triggers or levers required.

*Power Max® 37799 only.*

### QUICK STICK® CHUTE CONTROL

Innovative joystick control allows you to change chute direction and angle quickly and easily on the go.
