

# AQUAGARDEN PLANT LIGHT

Bring life and illumination to your AquaGarden Mini Pond with the AquaGarden Plant Light. The sleek design of the light and stand complements the mini pond and blends well into any indoor or outdoor setting. This outdoor-rated overhead plant grow light is specially designed to illuminate the AquaGarden from above while providing the specific light waves needed to grow plants indoors. Since the AquaGarden is also great for indoor enjoyment, it is important to provide indoor plants with ample light for proper development. The plants growing in the upper filter or in the pond bottom will flourish indoors when the AquaGarden Plant Light is added.

- Designed to illuminate the AquaGarden and grow plants indoors
- Provides the light waves needed for plants to flourish
- Connects to the AquaGarden in seconds
- Great for use indoors or outdoors (outdoor rated)
- Blends easily into any setting
