

Wave them in.

A flag works hard. It communicates the location of the hole, the strength and direction of the wind, and the Superintendent's dedication to great course conditions. So be sure its color is strong and its edges stay sharp as the line where the fringe meets the green. **Because Golfers Notice.**

- Engineered to maintain their good looks despite long exposure to wind and sunlight.
- Improved fade-resistant colors.
- Stronger stitching ensures durability in high winds.
- Lightweight 200 denier nylon construction makes flags sensitive to gentle breezes, giving a better determination of wind direction.
- Heavier-construction, 400 denier flags provide maximum durability.
- Tube-style and tie-style flags are available.

KEY FEATURE

Four full rows of fly hem stitching.
