

The longest-lasting pre-emergent herbicide

With flexibility in scheduling, usage, and formulations

- Proven pre-emergence grass weed control
- One application works all season long
- Make your single application in early spring or even the previous fall for crabgrass control
- If you prefer, dial in the rate for split applications
- Controls crabgrass and 30+ other weeds
- Non-staining; easy-to-mix with most products
- Barricade is also available on fertilizer
- Virtually weatherproof, withstanding heavy rains and snow
- Can be tank mixed with other products to broaden its spectrum or to control already emerged weeds

Barricade 65WG Herbicide:

- Water-dispersible granules
- Available in a 5-pound container and an 80-pound bulk container

Barricade 4FL Herbicide:

- Offers the convenience of a flowable formulation in 30-gallon bulk container, 10-gallon LINK PAK™, and 1-gallon container
- Bulk volumes can make handling and application easier
