

# THE BRD-2620 BED REDEFINER

Here are 5 things to know about this unique edging tool.

## FAST AND PROFESSIONAL BED REDEFINITION

The most powerful 25.4 cc engine in the industry combined with a superior cutting claw provides quick and professional finishing to flower beds. The unit is loaded with commercial features including a pleated air filter with prefilter that provides four times the typical surface area to capture more debris and keep the engine clean.

### 1 SUPERIOR CLAW FIXES BEDS FASTER

7x faster than a shovel

Work completed by the BRD-2620 and shovel  
in the same amount of time

### 5 WHAT SETS THE BRD-2620 APART FROM THE COMPETITION?

#### PRODUCTIVITY

- 6-finger cutting claw made with high-grade steel and carbide tips provides superior edging performance
- Proven 2-stroke engine does not require valve adjustments

#### COMFORT

- Durable magnesium fan housing reduces weight and operator fatigue
- Small size and light weight provide greater maneuverability than walk-behind units

#### DURABILITY

- Bellows-type intake design inhibits hot air from reaching carburetor to provide consistent, reliable starts
- Two-stage air filtration protects engine and extends filter maintenance intervals
- Chrome cylinder plating minimizes wear in harsh conditions
