Details inside.

Comes  
Assembled

# Fewer Parts. Quicker Installs.

Install Confidence®. Install Rain Bird®  
All-in-One Pressure Regulating Filters.

- **Simplifies installation** — All-in-one compact, two-piece control zone kit comes fully assembled in a space-saving bag.
- **Increases reliability** — Fewer parts, fewer threaded connections mean less chance of leaking.\*
- **Reduces material and labor costs** — Compact size requires fewer and smaller valve boxes for each job.

*Simple to install!  
Pre-assembled  
Control Zone Kits.*

*Pressure regulator and filter now  
combined in one compact unit!*

## Rain Bird combines a filter and pressure regulator into one unit for fast and simple installation.

Rain Bird's new Pressure Regulating (PR) Filter Control Zone Kits come assembled and measure at least 24% shorter than the competition. Now you can fit up to four control zone kits in one standard valve box and dig fewer holes, or place one control zone kit in a 10-inch, round valve box and dig smaller ones.

Works with all valves to create an efficient control zone.

Patent-pending compact unit combines filtration and pressure regulation to protect downstream drip components.

Available with either the static RBY Filter or the self-cleaning Back Flush Filter.

30- or 40-psi pressure regulator integrated in filter body.

Glass-filled polypropylene body and cap provide 150-psi pressure rating.

\* Based on vigorous cycle surge reliability testing, the Rain Bird PR Filter was proven to be ten times stronger than competitive units. Extensive thermal testing confirms these kits will not leak after being subjected to extreme temperature fluctuations.

# Save 20% when you buy a new Rain Bird Pressure Regulating Filter or Pressure Regulating Filter Control Zone Kit!

## *Distributor:*

Please complete the following information and return this coupon attached to the appropriate invoice to address listed above.

Distributor  
Company Name: \_\_\_\_\_

Contact Name  
and Title: \_\_\_\_\_

Branch  
Street Address: \_\_\_\_\_

City: \_\_\_\_\_ State/Province: \_\_\_\_\_ Zip/Postal Code: \_\_\_\_\_

Original coupon must accompany invoice for reimbursement. Copies of the coupon will not be accepted.

For credit, deduct your actual cost for the redeemed product from your monthly check to Rain Bird and attach the original coupons and invoices with your remittance. All purchases must be made during one single transaction. Certificate void where prohibited, restricted or taxed by law. Offer valid only at authorized Rain Bird distributor branches. Promotions cannot be combined with any other Rain Bird offer. Distributors must mail original coupons together with invoices with payment remittance to Rain Bird by 12/31/2005 to receive credit.

## *Customer:*

Please complete this coupon and take it to your Rain Bird distributor to receive 20% off the purchase price of one (1) PR Filter OR (1) PR Filter Control Zone Kit.
