

COLOR CHANGING COLORFALLS

Atlantic's Color Changing Colorfalls' modular body style offers rear and side plumbing ports for easier plumbing, with a removable back for easy access. A more generous weir opening resists clogging and creates a thicker, fuller sheer for extra color and less wind deflection. The innovative modular design with easy to install threaded couplings makes connecting any number of falls together a snap! The LED light bar offers 48 vibrant color options and 18 preset modes via remote control and synchronizes to all of our SOL Color Changing Lighting.

MODELS:

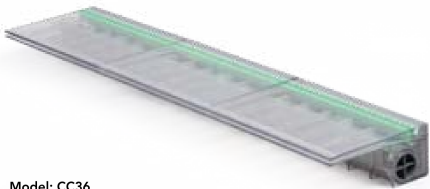

Model: CC06
Description: 6" Color Changing Colorfalls
Flow Rate: 600 gph
Projection: 8-10" at 18"H & 600 gph
Input Voltage: 12 volt DC / 6-wire
Watts: 1-3 Variable
Inlet: 1½" FIPT
Dimensions: 6"W x 8"D x 3½"H
Warranty: 1 year

Model: CC12
Description: 12" Color Changing Colorfalls
Flow Rate: 1,200 gph
Projection: 8-10" at 18"H & 1,200 gph
Input Voltage: 12 volt DC / 6-wire
Watts: 2-5 Variable
Inlet: 1½" FIPT
Dimensions: 12"W x 8"D x 3½"H
Warranty: 1 year

Model: CC24
Description: 24" Color Changing Colorfalls
Flow Rate: 2,400 gph
Projection: 8-10" at 18"H & 2,400 gph
Input Voltage: 12 volt DC / 6-wire
Watts: 3-10 Variable
Inlet: 1½" FIPT
Dimensions: 24"W x 8"D x 3½"H
Warranty: 1 year

Model: CC36
Description: 36" Color Changing Colorfalls
Flow Rate: 3,600 gph
Projection: 8-10" at 18"H & 3,600 gph
Input Voltage: 12 volt DC / 6-wire
Watts: 5-15 Variable
Inlet: 1½" FIPT
Dimensions: 36"W x 8"D x 3½"H
Warranty: 1 year

COLOR CHANGING FEATURES:

- Energy efficient LED light bar
- 20' power cord
- 5" lip extension
- Synchronizable with SOL Color Changing Lights
- Includes 12 volt transformer, control module and remote control

CONTROL MODULE FEATURES:

Each Color Changing Colorfalls includes a Control Module & Remote Control

Input Voltage: 12 Volt AC
Output Voltage: 12 Volt DC / 6-wire
Max Load: 80 watts

- Weatherproof enclosure with external antenna
- 48 vibrant color options and 18 preset modes
- 2.4GHz RF frequency for increased range
- Touch remote with simplified functions
- Compatible with Color Changing Colorfalls and SOL Lights

Model: CCCM05
Description: Master Control Module for Color Changing Colorfalls
Input Voltage: 120 volt AC
Output Voltage: 12 volt AC / 60 watts
Dimensions: 6"L x 3¼"D x 3¼"H
Includes: 60 watt transformer and (2) 3-way / 6-wire splitters
Warranty: 1 year

MASTER CONTROLLER

Whether you want to create a single, seamless waterfall up to 15 feet wide, to synchronize multiple Color Changing Colorfalls or to link your SOL Color Changing Lights to your Colorfalls, the 60 watt CCCM05 Master Controller makes linking them simple. Just plug each into the splitters and synchronize all with a single transformer and a single remote!

COLOR CHANGING COLORFALLS FEATURES:

1. Larger weir opening produces a thicker sheer, less wind deflection, more color and less chance of clogging.
2. Redesigned internal lip supports eliminate splitting of the water sheer.
3. 1½" FIPT inlets on both sides and back for maximum plumbing options and versatility.
4. Includes (2) 1½" plugs for unused plumbing inlets.
5. Self-draining body for easy winterization.
6. Removable baffle for easy cleaning and servicing.
7. Color Changing LED light bar is accessible from the rear of the unit for servicing.
8. Removable back plate provides access to the interior and light bar for routine maintenance.
9. Threaded adapter with silicone O-rings to connect multiple Color Changing Colorfalls.
