BASIN ACCESSORIES

Atlantic's Basins feature one piece construction, a filtered pump chamber and built-in plumbing channels to create the perfect reservoir, above or below ground, for all Colorfalls, Scuppers and Wall Spouts. Add an optional Splash Mat to reduce splash, conserve water and ensure your pump remains submersed at all times. All plumbing is contained inside the perimeter of the basin, allowing retaining wall blocks to surround the basin with no notching or cutting.

:: TECH TIP ::

Want to use our basins but need a rectangular basin shape? Build your wallstones around the basin to whatever shape you wish, then fill the voids with pieces of foam board cut to fit. Cap with gravel to complete the custom basin.
