NOTES

The Low-Voltage Dimmer provides in-line dimming control for any low-voltage fixture. It’s the ideal accessory for all landscape lighting systems that require dimming capabilities. The product is designed for installation in standard junction boxes, as well as in the field, for maximum flexibility.

Quick Facts

- Handles up to 120 W load for full-system dimming control
- Easy-to-read LCD clearly displays current fixture intensity
- Dimming capabilities from 0% to 100% allow precise lighting control
- Fully potted design enables easy installation in standard junction boxes or in the field — no electrician required
- Four backlit buttons enable easy intensity adjustments
- Modern design blends into landscapes for a pleasing aesthetic

DIM-LV Low-Voltage Dimmer SPECIFICATIONS

FX Luminaire

FX Luminaire is an industry-leading manufacturer of landscape and architectural lighting products with a focus on the advancement of LED technology and digital lighting control with zoning, dimming, and color adjustment capabilities. We offer a full spectrum of specification-driven lighting fixtures that can be utilized to create elegant, cutting-edge landscape lighting systems for commercial or residential applications. Our products are available exclusively via our extensive professional distributor network.
