 Basin - Lifetime

## ECO-RISE

The extremely strong radial structure of the Eco-Rise handles the weight of heavier statuary, vases and columns while providing a broad stable base over Eco-Blox reservoirs. The versatility of the Eco-Rise used in conjunction with Eco-Blox, PV1700 Pump Vault and Triton 3-Way Diverter allows for multiple features in any configuration above odd basin shapes, while keeping plumbing and flow adjustment topside for easy access.

### MODEL:

**Model: ECORISE20**  
**Dimensions:** 20"L x 20"W x 3"H  
**Plumbing Size:** ¾" to 1½"  
**Max Load:** 3,000 lbs.  
**Warranty:** Lifetime

### DID YOU KNOW?

When used with Eco-Rise weight distribution riser, you can plumb, illuminate and adjust decorative stone or statuary of any size or weight. Why? Minimal friction between Eco-Blox and the Eco-Rise and excellent weight distribution over the vertical support panels allow even the heaviest features to be shifted with little effort, for easy adjustment in the field even when the feature is running!

### TYPICAL FOUNTAIN ECO-RISE INSTALLATION

PV1700 Pump Vault shown with 3-Way Diverter installed for use with the Eco-Rise and Eco-Blox. Add a second pump and a second 3-Way Diverter to control up to six water features from single PV1700 Vault.
