The Exa **Collection**

High-Output Power. Low-Voltage Simplicity.

The new, innovative Exa Collection provides high-output power up to 1,200 lumens, low-voltage simplicity, and white and RGBW color-changing capabilities. All fixtures also offer multiple beam angles, two color temperatures, and 360° rotational functionality. Now it's easier than ever to put tall trees and buildings in the spotlight!

Exa XA-70 Grande Accent Light
