HC-152 Hedge Trimmer

The HC-152 is ECHO's latest hedge trimmer and is based on the successful and proven HC-150. ECHO has taken everything that was great about the HC-150, like the reliable 21.2 cc professional-grade, 2-stroke engine and gear case assembly, and made it better. The HC-152 features a fresh design and many upgrades including larger ergonomic handles for improved handling and comfort, a carburetor with top-mounted purge bulb for ease of use, a commercial-grade air filter and tool-less air filter cover for superior filtration and easy maintenance, and a two-piece engine cover with integrated muffler cover.
