

HC-2420/3020
HEDGE TRIMMERS

**INTRODUCING THE LIGHTEST HEDGE TRIMMERS
IN THE ECHO LINEUP - WITHOUT SACRIFICING
ANY PROFESSIONAL FEATURES!**

**HC-2420****HC-3020****PROFESSIONAL FEATURES**

- **21.2 cc professional-grade, 2-stroke engine**
 - Delivers outstanding power

**5 POSITION
ROTATING HANDLE**

- Allows for a variety of operating positions
- Less fatigue for the landscape pro

**FRONT FACING EXHAUST**

- Prevents bush-browning
- Directs exhaust away from the landscape pro

- **Double-sided, double-reciprocating RazorEdge™ blades**
 - 3/4" cutting diameter
 - Laser-cut and precision sharpened steel blades
 - Razor edge, honed blades for precise, efficient cuts
 - Cleaner cut expedites plant recovery
- **Rigid support bar**
 - Allows straight and precise cuts every time
- **Protective blade tip guard**
 - Prevents blade contact with buildings, fences or the ground for increased gear box life
- **Commercial-duty air filtration system**
 - Allows longer run times between routine maintenance
 - Leads to longer engine life when properly maintained
 - Captive, tool-less access to the air filter speeds maintenance in the field
- **Comfortable to operate**
 - Spring-style vibration-reduction system isolates engine vibration from the handles
 - Rubber over-molded front and rear handles increase comfort and control
- **Heavy-duty gear box**
 - Offset gear box positioned below the handle frame for a precise cut on the first pass
 - Gear box features Zerk fitting for easy maintenance
- **Front-hand safety guard**
 - Prevents accidental contact with blades

HC-2420/3020

HEDGE TRIMMERS

FEATURES AND BENEFITS

- **i-30™ starting system**
For 30% reduced starting effort
- **Front-hand safety guard**
For increased user safety
