

# TORO SOLUTIONS™

## Chapter 1

### **INTRODUCING TORO® INFINITY™ SERIES GOLF SPRINKLERS** **One sprinkler. Countless Benefits. Infinite Possibilities.**

With all the efficiency and performance features of the 800S and DT Series, and a patented SMART ACCESS™ design which enables you to add new technology for decades to come – using only a screwdriver.

#### **SMART ACCESS**

Provides top accessibility to all critical components.

Pilot valve accessible from the top without shutting off water source

GDC 2-wire module accessible from the top

Wire splices protected in the SMART ACCESS compartment and accessible from the top

Future-proof your investment. The SMART ACCESS compartment provides room to grow.

Once installed, the New INFINITY Series is the same height as your existing 1" or 1.5" 800S and DT models, and the same diameter as your 1.5" models
