MSRP \$7.98

**#98001 14' x 20'** (Unit Weight: 1.1 lbs.)  
MSRP \$19.98

**#98002 28' x 30'** (Unit Weight: 2.3 lbs.)  
MSRP \$49.98

**NEW**

## BLUE HERON DECROY

Deters herons from coming to your pond by tricking them into thinking another heron is already there.

- Looks life-like!
- Quick and easy set-up—includes mounting stake
- Hand-painted with non-fading, non-glare, all weather paint
- Surface treated to prevent paint flaking
- Molded from durable lightweight polymer
- Bird and stake measures 29" L x 7.5" W x 43" H

**#81030 NEW Blue Heron Decroy**

29" L x 7.5" W x 43" H  
(Unit Weight: 3 lbs.)  
MSRP \$39.98

## FLOATING ALLIGATOR DECROY

Add a little fun to your pond while protecting your valuable fish. The natural body movement will deter herons and other predators from visiting your pond.

- Safely deter pond predators
- Three hinged body parts allow gator to float freely and lifelike
- Natural body movements deter pond predators

**#93000 Floating Alligator Decroy**

(Unit Weight: 2.7 lbs.)  
MSRP \$39.98

**NEW**

## POND THERMOMETER

Monitor pond temperature throughout the year to aid in adjusting fish feeding schedule and water treatment applications during seasonal changes.

**#74000 NEW Pond Thermometer**

(Unit Weight: 0.2 lbs.)  
MSRP \$7.98

### 300-WATT POND DE-ICER

Aquascape stainless steel Pond De-icer is ideal for keeping a small hole opening the ice during cold winter months, and insures proper gas exchange helping keep fish alive during the winter.

- Prevents winter fish loss
- Keeps a small hole in the ice during winter months
- Helps increase pond oxygen levels
- Stainless steel construction prevents corrosion and cracking
- Low cost to operate
- Built-in LED light indicates when heater is in use

#### #39000 300-Watt Pond De-Icer

(Unit Weight: 3 lbs.)  
MSRP \$119.98

- ① High quality stainless steel housing
- ② LED light indicates when the unit is operating
- ③ 22 foot power cord

Pond De-Icer

### AERATION

The Pond Aerator can also be used during the winter months where the bubbles created at the surface can help keep a small hole open in the ice for oxygenation.

2 and 4-Outlet

Pond Aerator PRO 60

See pages 32 and 33 for more information on the Pond Aerators

The Pond Aerators can also be used during the winter months where the bubbles created at the surface can help keep a small hole open in the ice for oxygenation.

### AQUAFORCE® SOLIDS HANDLING WATERFALL PUMPS

The fact that the AquaForce® can be submerged directly in the pond also makes it a great pump to be used as a winter de-icer. The AquaForce's powerful flow of water positioned just below the surface of the pond will keep a hole open in the ice and ensure critical oxygen levels are maintained in the pond during the cold winter months.

See pages 26 and 27 for more information on the AquaForce®

AquaForce® Pumps are great for keeping a hole open in the ice during the winter.
