

# SCUPPERS

Our heavy-gauge Scuppers bring a polished, sophisticated dimension to our spillway line. Available in 12", 24" and 36" widths, Scupper spillways are constructed of 304 stainless steel for maximum durability, in copper plated or brushed silver finishes. The load bearing body, non-clogging weir and threaded inlet make these sleek, elegant spillways as easy to install and maintain as they are attractive!

## MODELS: NEW!

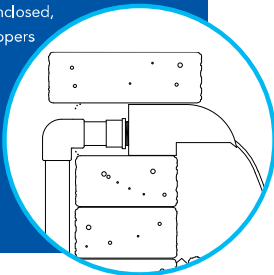

**Model: SS12 (Stainless Steel)  
CS12 (Copper Finish)**  
**Description:** 12" Scupper  
**Flow Rate:** 1,200 gph  
**Projection:** 9-10" at 18" & 1,200 gph  
**Inlet:** 1 1/2" FPT  
**Dimensions:** 12"W x 8 1/2"D x 4"H  
**Warranty:** 3 year

**Model: SS24 (Stainless Steel)  
CS24 (Copper Finish)**  
**Description:** 24" Scupper  
**Flow Rate:** 2,400 gph  
**Projection:** 9-10" at 18"H & 2,400 gph  
**Inlet:** 1 1/2" FPT  
**Dimensions:** 24"W x 8 1/2"D x 4"H  
**Warranty:** 3 year

**Model: SS36 (Stainless Steel)  
CS36 (Copper Finish)**  
**Description:** 36" Scupper  
**Flow Rate:** 3,600 gph  
**Projection:** 9-10" at 18"H & 3,600 gph  
**Inlet:** 1 1/2" FPT  
**Dimensions:** 36"W x 8 1/2"D x 4"H  
**Warranty:** 3 year

## DID YOU KNOW?

Unlike open-topped variations, the enclosed, load-bearing design of Atlantic's Scuppers eliminates the need for a lintel to support the weight of a wall on top of the scupper. The scupper body replaces blocks in the top course of the wall, making them ideal for use with all 4" garden block walls.

## SCUPPER FEATURES:

- 5" lip extension
- Fully welded enclosure
- 304 stainless steel
- 3 year warranty

# SPLASH RINGS

Atlantic's Splash Rings keep stones in place and splash at bay with style. As effective as our Splash Mats but with the appeal of steel and copper, the 304 stainless mesh ovals are as versatile as they are attractive. Set the mesh panel facing up to show off the broad trim ring, or flip the Splash Ring over to keep stones in place almost invisibly. Placing an LED Light Ring under the mesh to illuminate the falls from below while hiding the light from direct view adds nocturnal charm.

## MODELS: NEW!

**Model: CFSR12 (Stainless Steel)  
CFCR12 (Copper Finish)**  
**Description:** Splash Ring  
**For Use With:** CFBASIN12  
**Dimensions:** 16"W x 8"D x 1 1/2"H  
**Warranty:** 3 year

**Model: CFSR24 (Stainless Steel)  
CFCR24 (Copper Finish)**  
**Description:** Splash Ring  
**For Use With:** CFBASIN24  
**Dimensions:** 28"W x 8"D x 1 1/2"H  
**Warranty:** 3 year

**Model: CFSR36 (Stainless Steel)  
CFCR36 (Copper Finish)**  
**Description:** Splash Ring  
**For Use With:** CFBASIN36  
**Dimensions:** 40"W x 8"D x 1 1/2"H  
**Warranty:** 3 year

## ::TECH TIP::

Cut away the black Splash Mat under the Splash Ring to amplify the sound of the waterfall. Placing different sized stones under the mesh will change the sound of the falls.

Add a SOL Light Ring for an elegant nighttime effect!  
See Light Rings on pages 62 & 64
