

FOUNTAIN BASINS

When they were introduced, Atlantic Fountain Basins were already the strongest and best-designed on the market, featuring deep plumbing channels on top of the basins, easy access pump chambers and external flow adjustment for convenient installation and maintenance. Now even better, with new internal buttressing cones for greater rigidity, our fountain basins are the fastest, easiest way to create a self-contained fountain.

FOUNTAIN ACCESSORIES

Whether you choose to use a cored boulder, a ceramic pot, a mossy log or a piece of 'found art' from the local junk yard, Atlantic's Fountain Accessories make it easy to create, plumb and adjust any water fountain. Top quality components like our versatile 3-Way Diverter, American-made tubing and fittings, even the putty you might need to seal around pipes, are all included in our complete Kits. All you add is the decorative element, a piece of 3/4" PVC pipe the same height as your fountain and water!

MODELS:

Model: FB2400
Dimensions: 24"L x 24"W x 10"H
Max Pump Flow: 750 gph
Plumbing Size: Up to 3/4"
Capacity: 20 Gallons
Supports Up To: 200 lbs.
Warranty: Lifetime

Model: FB3200
Dimensions: 32"W x 13"H
Max Pump Flow: 2,000 gph
Plumbing Size: (3) 3/4" or (1) 1" hose
Capacity: 32 Gallons
Supports Up To: 400 lbs.
Warranty: Lifetime

Model: FB4600
Dimensions: 46"W x 13"H
Max Pump Flow: 4,000 gph
Plumbing Size: (3) 3/4" or (1) 1 1/2" hose
Capacity: 67 Gallons
Supports Up To: 1,200 lbs.
Warranty: Lifetime

PRO SERIES FOUNTAIN BASIN FEATURES:

1. One-piece construction provides exceptional strength.
2. Built-in channels simplify installation, allowing the plumbing to be run on top of the basin.
3. Molded cones support the top panel.
4. Recessed pocket accepts Triton 3-Way Diverter (FB4600 only). Adjusting the water flow to multiple pieces has never been easier.
5. 1 1/2" conduit recesses allow for clean installation in surrounding masonry without notching.
6. Flat panel for optional AF1000 Auto Fill installation.

Model FB4600 shown

TRITON 3-WAY DIVERTER

Model: TR3WAY
Dimensions: 5 3/8"L x 4 1/2"W x 2 7/8"H
Inlet: 1 1/2" FIPT
Outlet: (3) 3/4" Insert
Includes: (2) removable "T" handles
Warranty: 1 year

The Triton 3-Way Diverter is the only manifold designed exclusively for Pond-free fountain installations. The 1 1/2" inlet allows unrestricted flow into the manifold, delivering the maximum possible volume to all three of the 3/4" outlets. True 'ball' style valves with removable handles enable independent flow adjustment of each outlet. The compact design makes it a perfect fit for installation in all Pump Vaults and Fountain Basins.

PRO SERIES PLUMBING KITS
